Invitation to Tender

JudoScotland Grand Prix Series: 2023 - 2025

Invitation to Tender

1. JudoScotland (JS) hereby invites tenders for the staging of JudoScotland Grand Prix events from 1 February 2023 for a period of three calendar (3) years, through to 31 December 2025.
 - a. The agreement inferred within this document is subject to JudoScotland's new Strategic Plan (2024+) retaining a continued focus and support of Grand Prix events.

Introduction

2. As the sportsScotland-recognised national governing body for the Olympic sport of Judo, JudoScotland (JS) represents its individual members, clubs and hundreds of qualified, enthusiastic and committed volunteers delivering Judo across Scotland.
3. JS believes that the Olympic sport of Judo has the potential to have a major impact on the lives of the Scottish population and in particular on our younger citizens. The sport of Judo has an inherent ability to engender respect for others, a sense of fair-play, develops a personal confidence and self-discipline within its participants, along with the potential for contributing to the physical health of the nation.

Grand Prix Events

4. The purpose behind the delivery of the JS Grand Prix (GP) Events series is to provide competition experience that supports the development of judoka within positive, enjoyable and developmentally appropriate environments, in line with The JudoScotland Player Development Framework.
5. It is against this that JS currently invites tenders for the service delivery of GP Events for a three year period.
6. The GP Series is just one stage of the JS development pathway. In addition to the athlete development pathway, it also provides developmental opportunities for the Events Workforce (EW), including: Referees; Technical Officials; and general volunteers. All GP events will play a key role as we look to support the progress of those dedicated individuals either striving to achieve their potential or supporting judo-in-Scotland.

Invitation to Tender

7. To this end JS are extending an Invitation To Tender (ITT), to become a 'Service Provider' to deliver JudoScotland GP Event(s) from 1 February 2023 for a period of three calendar (3) years.
8. The application process will guide you through the provision of evidence to ensure that all parties are clear about the expectations of a GP Event and the measures and actions that are required to maintain that status.
9. The process is clearly focussed on the delivery of high quality judo events (both developmental and competitive) and JS are committed to supporting those that are successful in tendering to achieve that.
10. The tender document seeks to set out a clear set of guidelines and criteria that JS believes will provide a framework with which to further 'raise the bar' of JS membership events across Scotland.

The Grand Prix Event

11. The successful Service Provision Tender shall provide the following GP Event delivery service to JS:

21. Where possible, all procurement of services will consider sourcing Real Living Wage organisations.
22. There may be no clear 'winner' and JS may elect not to proceed with any of the received bids.
