The GATHERING

EST | 2012

We are honoured to welcome back **Tato Grigalashvili** as one of our two headline guests for this year's event. A true superstar of international judo, as well as his Olympic and European accolades Tato has recently added a 4th World title ensuring his place as one of the world judo greats. Anyone who was at last year's event will tell you this is not to be missed. If that was not enough, we also have the immense pleasure of introducing the second headline guest in **Lasha Shavdatuashvili**, Lasha is a Georgian trailblazer who became Olympic Champion in London 2012 and has since went on to collect another two Olympic medals and become World and double European champion. Both of these players are dynamic and exciting fighters and are looking forward to sharing their technical knowledge with you in Glasgow.

THE LOCATION

The Gathering is once again hosted at the Glasgow International Arena (formerly Emirates), located in Glasgow's East End. The arena is a world-class sports and events facility renowned for its versatility and state-of-the-art amenities, making it a brilliant venue for The Gathering.

LARGER MAT AREA

This year we are opening the event to a larger audience, with players from **12 years +** through to seniors. To accommodate this we have arranged a larger mat area to provide ample space for all participants to enjoy their judo.

LUNCH

Following your feedback, there will be a light lunch provided on both days over multiple stations upstairs on the concourse. We hope this will alleviate potential waiting times to eat.
